

Smoke Signals

POCI's full-color, monthly magazine, Smoke Signals, is devoted to Pontiac, Oakland and GMC vehicles and their owners. It contains owner profiles, event coverage, technical data and restoration tips. You will find stories about our members and their vehicles, along with performance articles and news of chapter activities across the USA, Canada and around the world.

The Classified section provides the membership with a forum for the exchange of parts, information and vehicle-related items. Ads from members, whether for sale or wanted,

include parts, sales and service literature, promotional items as well as complete cars. Classified advertising privileges are extended to members only- FREE of charge. Only Pontiac, Oakland and GMC-related, non-commercial items are permitted.

Web Site: www.poci.org

The newly updated web site is a wealth of information for members- tech forums, chapter news, event listings, Convention information, online classifieds, ID codes, links to many vendors and sponsors- the list goes on and on. Members can also access on-line POCI member information including name, phone number and vehicles owned. The website is constantly adding new and useful information.

Technical Advisors

The POCI Technical Advisor program has been a great success and continues to grow as membership expands and new needs arise. These advisors are board-appointed members possessing expertise in a particular area. Questions from correct paint and upholstery, to mechanical rebuilds, to performance issues, can be addressed by POCI technical advisors.

Library

The POCI library is a massive collection of Pontiac, Oakland and GMC literature, unlike any other, anywhere else. It contains valuable technical data (manuals, engineering reports, etc.) as well as marketing and sales information (brochures, posters, photos, material samples, etc.) All this is available to our members. Materials cannot be sent out, so photocopies are available at a modest cost.

POCI Convention

This is the gala event of the year for POCI, attracting hundreds of members and their cars from all over the world. The convention rotates annually to various locations throughout the US and is jointly sponsored by the POCI and the POCI chapter servicing the area or a POCI Specialty Chapter.

How To Join Pontiac-Oakland Club International (POCI)

POCI is a strong, active, concerned organization. Much of the current interest in Pontiac, Oakland and GMC vehicles is due to the Pontiac-Oakland Club. In the nearly four decades since its formation, POCI has grown into a worldwide group of devoted enthusiasts numbering over 8,700 strong!

Why Join POCI?

The Pontiac-Oakland Club International, the world's oldest and largest organization of Pontiac enthusiasts, is devoted to the restoration and preservation of Pontiac, Oakland and GMC vehicles. The POCI promotes the preservation and accurate restoration of these vehicles through its various services, publications and events. Membership in POCI allows access to a vast pool of information, experience and parts resources. Local and specialty chapters are also available to further the POCI membership experience.
