

## Preparing a Five Star Road Warrior Tour!

The 48th Annual POCI Convention is proud to announce a very special Road Warrior Tour and Lunch event... Just one more fantastic reason you'll want to join us in Catoosa, Oklahoma this summer!

**D**rew Stott has a collection of cars, motorcycles, vintage signs and memorabilia that is nothing short of spectacular. It has been in the works for decades and will soon be unveiled inside his all new Pryor, OK facility that could best be described as a private museum where we'll gather for lunch as part of our upcoming Road Warriors Tour.

There's no doubt that you'll be impressed with the size and diversity of Drew's collection; its like a trip back in time! "There really is something there for everyone," Drew proclaims.

Following lunch, he has agreed to take us on a tour to view even more of his collection.

The following piece was compiled by Drew and his family: As a newborn, Drew Stott, of Pryor, Oklahoma, was likely brought home from the hospital inside a Pontiac. His parents owned Pontiacs all throughout his childhood and, once Drew could drive, he couldn't wait to get one of his own.

In 1975, he got his cherished high school car, a 1967 GTO, which he still owns today. Drew and his wife Sherry were married in 1982 and together share a common interest in antiques.

Over the years, Drew has become quite the collector (translation: hoarder).

In his collection, you can find antique signs and advertisements, local memorabilia, classic cars (many of which are Pontiacs), and many other unusual items.

His dream was to have a proper place to display the things he's spent his life collecting. He felt a museum wouldn't necessarily be successful in his location, so he has created a high quality destination he could proudly share with enthusiasts like us.

Ever since construction on his 6,000-square-foot building began in 2016, Drew

has worked to make his dream a reality. He has built and painted walls, installed bathrooms and a small kitchen, and decorated the entire building. Inside the building, he's created a mock gas station, a grocery store front, a jail cell, and an entire corner dedicated to firefighting memorabilia — including a fire truck

## Road Warriors Tour Details

Drew Stott's collection is located just north of the vast Google complex, on the south side of Pryor, OK (about 30 miles northeast of our convention's host hotel). A driver's meeting will be held prior to the start of the cruise that will help orient all Road Warrior participants. There, each driver will be provided a detailed map with point-to-point mileage. In addition, signs will be posted at some intersections and there will be a phone number and escorts available. Nearly all of the journey will be on a four-lane highway. Our all-important lunch will be catered, and a good time is expected to be had by all!

To participate in this and other planned activities, you must first pre-register for the convention. Look for registration details elsewhere within this issue.

which he drove while serving as a fireman!

As his multi-year construction project was underway, the Indian Nations Chapter had also started making plans to host the 2020 POCI Convention. And soon, with a stroke of fortunate timing, our POCI Road Warriors group will be one of the first to experience Drew's creation and hospitality!

If you don't mind a bit of walking, you might even be able to twist his arm and get a peek at even more of his large collection. No matter what your interests are, there's a good chance you'll see it here!

Members of the Indian Nations Chapter are continuing to work hard to make this convention one you'll remember fondly. Please join us, July 7-11, 2020! *JN*
